ADDITIONAL GUIDELINES FOR HANDLERS

- If revisions to the premium are necessary, the most up-to-date version can be found on timetoflydogs.com. Event updates will also be posted in the Time To Fly Facebook group.
- You will be expected to have complete info for your dog. Incomplete entries WILL NOT BE ACCEPTED.
- Coursing is an athletic activity that can tax a dog's physical strength. Dogs that are overweight and/or out of condition may be at greater risk for injury and exhaustion. The inspection committee has the authority to disallow a dog's entry into test, and in such instances, applicable entry fees will be refunded.
- Battery-powered or gas-powered continuous loop equipment will be used. Lures consist of white plastic. Electronic timing system will be used, with manual timing as a backup if needed.
- The Fast CAT running lane will be enclosed with temporary fencing, including the catch pen which will be at least 50 yards long. It is strongly recommended that prior to running your dog, you have a good "recall" control, as the dogs will be off leash.
- Handlers are advised to warm up their dogs prior to their run and walk them for 5-10 minutes afterwards.
- Dogs will be brought to the start line on leash and released upon a verbal signal ("Tally-Ho!") from the huntmaster or when the lure begins to move forward. The huntmaster is responsible for field safety and therefore is in complete charge of all dogs and handlers on the field. In service to this responsibility, he/she has the authority to stop the lure in any potentially dangerous situation and signal the handler to retrieve their dog.
- Handlers are not allowed to walk down the course before an official run.
- It is recommended that handlers have someone familiar with the dog at the end of the course to catch the dog or have someone else release their dog at the start line. Handlers are expected to promptly secure the dog and leave the field with the dog on leash.
- Recalls back to the start line are not allowed. Handlers are allowed to call the dog from the catch area. Toys or treats may be used to help catch the dog but must be concealed until the dog crosses the finish line.
- A \$5.00 fine may be assessed for any loose dog on the field that is not competing in the course in progress.
- Exhibitors should follow their veterinarian's recommendation to ensure their dogs are free of internal and external parasites, any communicable diseases, and have their appropriate vaccinations.
- Any person, upon reasonable complaint, may be asked to leave the grounds by the Field Committee and may be disciplined by the AKC. Children must be always under control of their parents or guardian(s) at all times.
- Females in season or lame dogs will be excused, and entries will be refunded.
- No entry fees will be refunded if the event cannot be started or completed by reason of riots, civil disturbances, fire, extreme and/or dangerous weather conditions, public emergency, act of a public enemy, strikes, or any other cause beyond the control of the club or its members and representatives.
- ALL DOGS RUN AT OWNERS SOLE RISK. The event-hosting club, its agents, members, representatives, volunteers, etc., and Time To Fly Performance Dog Sports, assume no liability or responsibility for any loss, damage, or injury sustained by exhibitors, handlers, spectators, or to any of their dogs or property before, during, or after this event.
- "TTF may require dogs who repeatedly cause lengthy delays from biting/breaking the line, extreme bag damage or are reactive to crew or club workers, to run in a sport-type muzzle. Dogs who are chronically difficult to catch may need to run at the end of the morning or afternoon sessions."

CAT (COURSING ABILITY TEST) BASICS

COURSE DESIGN

The course shall be designed with safety for all breeds as a primary consideration. There shall be no turns more acute than 90 degrees. The total length of the course shall be no less than 600 yards and should be as close to 600 yards as possible. Dogs run singularly in Coursing Ability Tests. Depending on the size and breed of dog, the dog will run either the full course or a 300-yard course. The 300-yard distance shall be clearly marked. Safety is of utmost importance. The judge is responsible for walking the course prior to the start of the event in order to look for hazards.

DISTANCE AND MAXIMUM TIME

300-Yard Course – This distance is for dogs shorter than 12 inches at the withers and/or brachycephalic (“flat-faced”) dogs. A veteran dog may run 200 yards at the owner’s discretion. A dog must complete this course in less than 1 ½ minutes.

600-Yard Course – This distance is used for all dogs that do not run the 300-yard course. A veteran dog may run 400 yards at the owner’s discretion. A dog must complete this course in less than 2 minutes. If there is a question whether a dog should run the 300- or 600-yard course, the judge will decide.

COLLAR/PARAPHERNALIA

Dogs may wear any collar except a choker collar, a collar with prongs, or an electronic training collar. The collar should be snug to minimize the chances of getting hung on something during the run. The event committee may, at its discretion, require removal of tags (or securing with tape) to ensure the dog’s safety. Owners may use clips or rubber bands to hold the dog’s hair. The owner assumes responsibility for the safety of the dog with regard to the dog’s collar and paraphernalia. Harnesses or head halters may be used on the grounds but must not be worn while running the course.

Time To Fly will provide the lures which consist of white plastic bags. The use of personal lures or squawkers will not be permitted at these events.

TITLES

Coursing Ability (CA) – Awarded to a dog that passes the Coursing Ability Test three times under at least two different judges.

Coursing Ability Advanced (CAA) – Dog passes the Coursing Ability Test a total of 10 times. Coursing

Ability Excellent (CAX) – Dog passes the Coursing Ability Test a total of 25 times. A numbered title will be awarded for every additional 25 passes

FAST CAT BASICS:

Fast CAT is a timed straight race of 100 yards where a dog chases a lure. Dogs are run singularly and earn points based on their handicapped speed. Titles are issued at designated benchmarks. The dog’s time to complete the 100-yard dash is converted into speed in miles per hour. A handicap system is applied to a dog’s MPH to determine the number of points earned.

The handicap system is based on the height of the dog at its withers:

- 18” or greater = handicap is 1
- 12” up to less than 18” = handicap is 1.5
- Under 12” = handicap is 2

$204.545 \div \text{time (seconds)} = \text{speed (miles per hour)}$

Points = MPH multiplied by the dog’s handicap

Titles are earned by accumulating points. The following titles will be awarded: BCAT (150 points),

DCAT (500 points), FCAT (1,000 points), and FCAT# (every additional 500 points)

To learn more about Fast CAT, including the complete rule book, please visit the AKC website.

Time To Fly will provide the lures which consist of white plastic bags. The use of personal lures or squawkers will not be permitted at these events
